COMBO  
TECHNIQUE

"CELESTIAL  
ARROW"

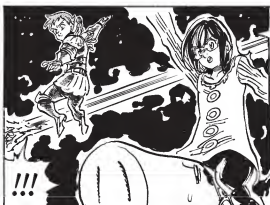

But it won't  
work on me,  
Gowther.  
And you  
ought to know  
exactly what  
I mean by  
that.

Now  
what  
have we  
here?  
That  
looks like  
it'd hurt  
pretty  
bad if it  
hit you  
head on.

No...  
It  
can't  
be!

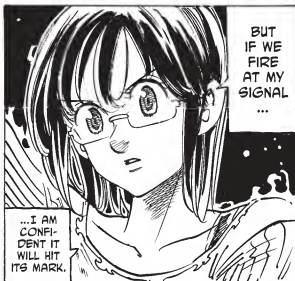

!!!

KING, HE  
EMPLOYS  
THE SAME  
"FULL  
COUNTER"  
AS THE  
CAPTAIN.

I'm  
trusting  
you!

BUT  
IF WE  
FIRE  
AT MY  
SIGNAL  
...

...I AM  
CONFIDENT  
IT  
WILL HIT  
ITS MARK.

THUD!

THUD!

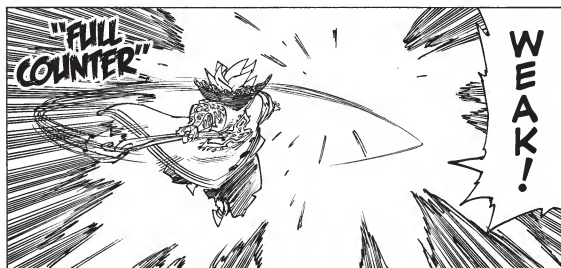

THUD!

THUD!

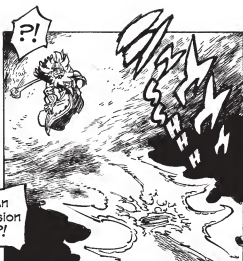

NOW!

GRRRR

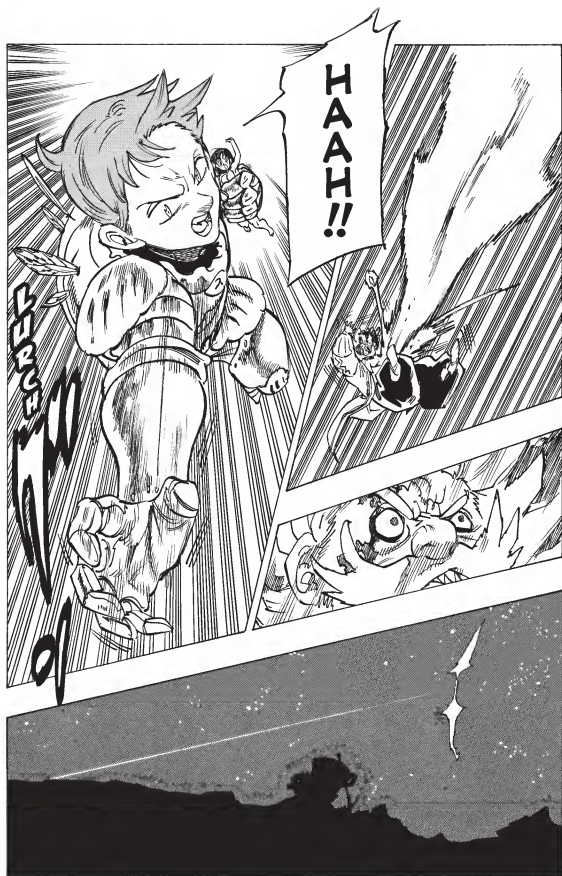

?!

An illusion?!

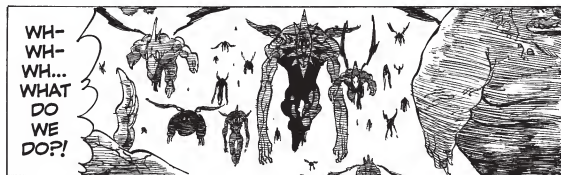

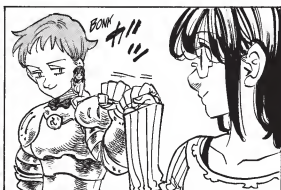

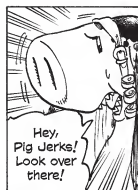

THAT'S  
PLENTY  
ENOUGH  
OF AN  
OPENING  
FOR US.

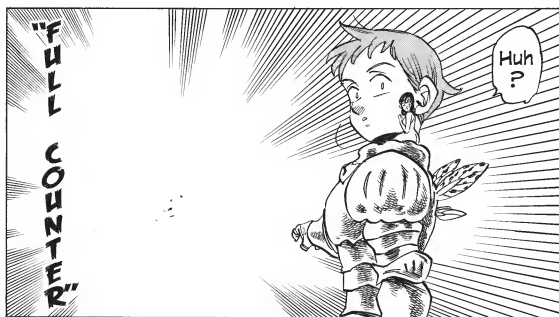

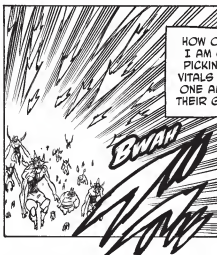

WHEN A "FULL  
COUNTER" IS  
EXECUTED IN  
MIDAIR, IT ALWAYS  
THROWS OFF THE  
USER'S BALANCE,  
LEAVING A FULL  
SECOND BEFORE  
BALANCE CAN BE  
REGAINED TO  
DO ANOTHER  
"FULL COUNTER."

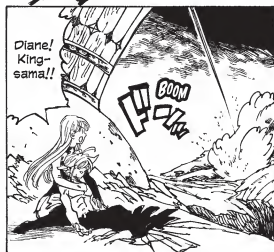

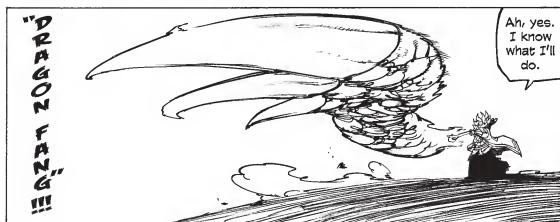

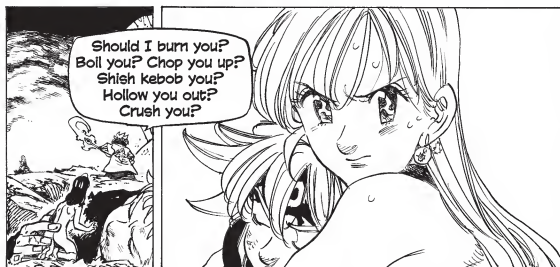

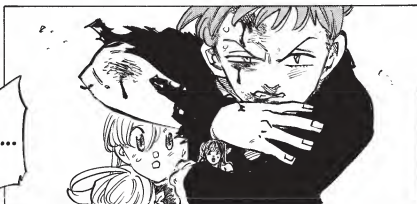

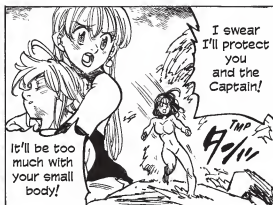

And now, Gowther, it appears you are in need of some disciplining.

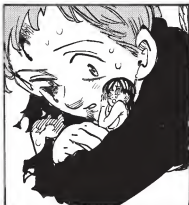

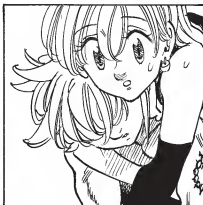

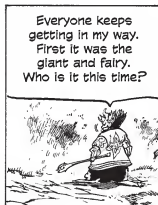

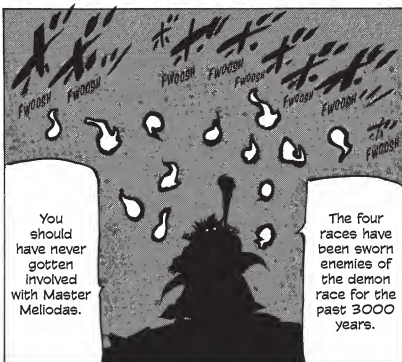

You should have never gotten involved with Master Meliodas.

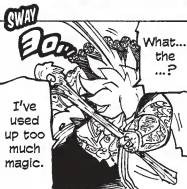

The four races have been sworn enemies of the demon race for the past 3000 years.

Or, wait...  
No!

I suppose my body's gone soft after all that time sealed up.

I've used up too much magic.

What... the ...?

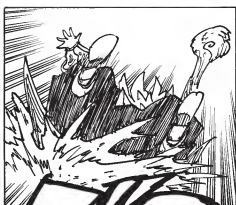

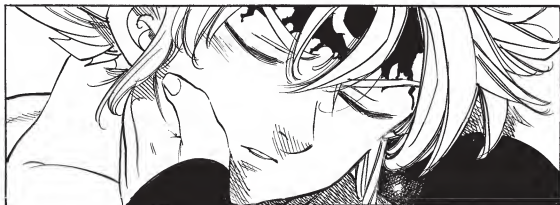

You little ...

The arrow of light... did damage not only to my flesh but to my spirit as well!

This is from that combo technique by the fairy and Gowther!
